

# 2018 PROJECT GREEN LIGHT DETROIT PROGRAM APPLICATION

DTE Energy is offering participants in Project Green Light Detroit a **35% Bonus** on all incentives included in this application. Business members of this group must meet certain criteria for security, shelter, and safety, and DTE Energy is offering assistance to make sure their facilities are customer-friendly and safe.

To be eligible for this limited-time offer, DTE business customers must be in good standing and be located within our service territory.

### Optional Third Party Payment Authorization

A DTE Customer has the option to assign direct payment of his/her Program incentives to a **Designated Trade Ally (DTA)** who is the contractor of record on this project.

**Only** a Designated Trade Ally is eligible for such direct third-party payments and is defined as a contractor who is listed on DTE's Energy Efficiency Directory and has met other Program requirements.

If, as an authorized Account Holder (Customer), you are interested in assigning your incentives to a Designated Trade Ally, check this box  and initial here \_\_\_\_\_.

The Designated Trade Ally will then provide you with a **DTA Third-Party Payment Authorization Form** that will require your review and signature. This form must be attached to this Final Application in order for payment to be made.

Incentives will be paid directly to the Customer if:

1. The box is not checked
2. The form is not signed
3. The contractor is determined to be ineligible for payment

If you have any questions about this process, contact our office.

## Project Green Light Detroit Final Application Agreement

The energy optimization measures listed within are being/have been installed in a qualifying time frame, at a qualifying facility and are not for resale. Additional Program terms and conditions can be found in the Policy and Procedures Manual available at [dteenergy.com/savenow](http://dteenergy.com/savenow).

I understand that in the event this Application received a reservation, that reservation is not a guarantee of payment. Incentive payment will be based upon the Final Application meeting the Program terms and conditions, and the availability of funds.

Selected terms and conditions include:

1. Final Applications and all required documentation must be received within 60 days of project completion or by Nov. 30, 2018, whichever comes first. Incomplete Applications, missing documents or Applications submitted after that date will result in the project being cancelled.
2. The Program has a limited budget. Applications will be processed until allocated funds are reserved or spent.
3. All equipment must be purchased and installed prior to submitting the Final Application.
4. Applicant agrees to inspection and measurement activities by DTE Energy or its representative of both project payment and equipment installation for up to five years from the date of equipment installation.
5. Incentives may be taxable and the Applicant is solely responsible for the payment of any resulting taxes. Incentives will be reported to the IRS, unless the Applicant is exempt.
6. The Applicant may be required to refund some or all of the incentives if the measures do not remain (or were not) installed for a period of five (5) years or the end of the product life, whichever is less.
7. Materials removed, including lamps and PCB ballasts, must be permanently taken out of service and disposed of in accordance with federal and state laws or regulation and local codes and ordinances. The Applicant is responsible for being aware of any applicable codes or ordinances. Information about hazardous waste disposal can be found at [www.epa.gov/wastes](http://www.epa.gov/wastes).
8. For certain measures, the incentive amount will be determined based on the estimated energy savings. The Applicant may be required to provide documentation on energy savings calculations and assumptions. DTE Energy will make the final determination of the energy savings and thus the incentive amount to be paid.
9. DTE Energy has no obligations regarding and does not endorse or guarantee any claims, promises, work or equipment made, performed or furnished by any contractors or equipment vendors that sell or install any energy efficiency measures.
10. Payment of incentives under the Program and/or evaluation of Applications for incentives shall not deem DTE Energy or any of its affiliates, employees or agents (“DTE Energy Parties”) to be responsible for any work completed in connection herewith. Applicant fully releases DTE Energy Parties from any and all claims it may have against DTE Energy Parties in connection with this Application, the incentives or the work performed in connection with them. In addition, Applicant agrees to defend, indemnify and hold DTE Energy Parties harmless from and against any and all claims, losses, demands or lawsuits by any third parties arising in connection with this Application, the payment or nonpayment of incentives or any work performed in connection with them.
11. DTE Energy reserves the right to associate with your business and participation in the incentive Program for promotion and advertising purposes. See the Policies and Procedures Manual for more on promotional co-branding
12. Applicant acknowledges that Federal Energy Regulatory Commission (FERC) Order issued on June 1, 2012, at Docket No. ER11-4081-000 (“FERC Order”) approves of the inclusion of energy efficiency resources as planning resources in a utility’s resource adequacy plan (all italicized terms as defined in the FERC Order). Accordingly, Applicant and DTE Energy agree that all such rights afforded with respect to energy efficiency resources, including but not limited to the right to identify them as a planning resource so as to include them in a resource adequacy plan, shall inure exclusively and fully to DTE Energy. Applicant agrees that it will not claim ownership in such energy efficiency resources for purposes of identifying them as a planning resource in accord with the FERC Order or include them in a resource adequacy plan.

I have read and understand the measure specifications and Program Guidelines set forth in the Application and the Program Policy and Procedures Manual and agree to abide by those requirements. Furthermore, I concur that I must meet all eligibility criteria in order to be paid under this Program and not receive incentives from any other utility for the same project.

I certify that the information on this Application is true and accurate. I understand that any misrepresentation of information — intentional or otherwise — that results in unjustified and/or unsubstantiated incentives being awarded to me (the Customer) will prompt action by DTE Energy and/or its agent to recoup such funds from me and may include additional legal action commensurate with the seriousness of the event.

I acknowledge and understand that it is necessary for DTE Energy to store, use and share the information contained in this Application, as well as information collected in connection with this project, including but not limited to my business name, address, account number and energy consumption data (“Customer Data”) for various purposes. Therefore, I hereby authorize DTE Energy to collect, store and use the Customer Data for internal purposes and to present me with other energy saving opportunities. I further authorize DTE Energy to share the Customer Data with third party vendors/contractors who are doing work on DTE Energy’s behalf.

## Project Green Light Detroit Incentive Summary, Final Agreement Information and Account Holder Signature Page

Measure Category	Prescriptive Total (A)	Custom Total (B)	
Lighting			
Food Service – Electric			
Hot Water			
Insulation			
Food Service – Gas			
Boiler/Furnace Tune-Ups			
<b>Subtotals</b>	<b>A1</b>	<b>B1</b>	<b>D1</b>
<b>35% Project Green Light Detroit Bonus</b>			<b>E1</b>

Welcome to Our Program

The DTE Food Service Instant Rebate Program makes energy-efficient kitchen equipment more affordable to DTE commercial, institutional and industrial customers by offering point-of-sale discounts on eligible equipment.

The incentives are provided through reduced purchase prices from participating food service equipment distributors at the time of sale.

**Click on:**

- For DTE Customers (left) for more on how the program works.
- Find a Dealer (left) for an up-to-date list of participating dealers.
- Current Discounts (above) for the latest list of qualifying products and incentives.

To receive an instant rebate on your next equipment purchase, visit [dtefoodservice.com](http://dtefoodservice.com) or call our office at **866.796.0512** (press option 3 and ask about the Food Service Instant Rebate Program).

## Project Green Light Detroit Custom Incentive Worksheet

**Reservation Letter must be received BEFORE project begins**

### Custom LED Retrofit Worksheet

Incentives are available for exterior LED custom projects only.

Please see the 2018 Catalog for specifications.

Please attach all equipment specifications to your Reservation Application before you submit for review.

Ref# CU-1      Location (department, area, etc.) \_\_\_\_\_

**NOTE:** Only DLC-listed lighting is eligible for custom incentives. Other conditions and restrictions apply. See the Policies & Procedures Manual for more information.

Description							
Before Retrofit				After Retrofit			
Hours used per year (a)		kW (b)		Hours used per year (c)		kW (d)	

Service	Unit	Current Energy Cost (\$ per Unit)	Annual Savings* (Units/Year) (A)	Incentive Rate (\$ per Unit) (B)	Calculated Incentive (A x B)	Measure Cost
Electric	kWh			\$0.05		

Will the "After Retrofit" specific piece of equipment listed here be in operation during the hours of 3–6 p.m. on Monday–Friday in the month of July?  
 Yes     No

\* For Electric projects use the following formula: (a x b) – (c x d).

Ref# CU-2      Location (department, area, etc.) \_\_\_\_\_

Description							
Before Retrofit				After Retrofit			
Hours used per year (a)		kW (b)		Hours used per year (c)		kW (d)	

Service	Unit	Current Energy Cost (\$ per Unit)	Annual Savings* (Units/Year) (A)	Incentive Rate (\$ per Unit) (B)	Calculated Incentive (A x B)	Measure Cost
Electric	kWh			\$0.05		

Will the "After Retrofit" specific piece of equipment listed here be in operation during the hours of 3–6 p.m. on Monday–Friday in the month of July?  
 Yes     No

\* For Electric projects use the following formula: (a x b) – (c x d).

$$\text{Simple Payback Period must be } \geq 1 \text{ to } \leq 8 \text{ years} = \frac{\text{Measure Cost}}{\text{Annual kWh Saved} \times \text{Current Energy Cost}}$$

	Aggregate Measure Cost	Aggregate Annual Savings	Current Energy Cost	Simple Payback Period*	Total Calculated Incentive	Total Awarded Incentive**
Electric						

**IMPORTANT NOTES:**

\* The **Simple Payback Period** must fall within the parameters to qualify for an incentive (see formulae above) If the **Total Awarded Incentive** for either electric or gas displays **DNQ** (does not qualify), then the payback period fell outside of required parameters or the measure cost(s) or energy savings were missing.

\*\* **Total Awarded Incentives** are capped at no more than 50% of the **Total Measure Cost**.

If you require assistance completing this section, contact our office.

## To submit your Reservation Application\*

1. **Complete the Application (Pages 2-4).**
  - a. Ensure that you have completed the Reservation Application checklist (Page 2).
  - b. Ensure that you have completed the Customer information (Page 3).
  - c. Ensure that you have completed the Contractor and, if applicable, Third Party Payment information (Page 4).

2. **Complete all relevant worksheets for your project.**

**BEFORE YOU SUBMIT:** If the figure at right does not match the incentives you expected to request, please review your worksheets and the summary page (Page 6).

Total Incentives Requested

3. **Submit your Reservation Application electronically by clicking here**

or

**Fax to:** 313.664.1950

or

**Print and mail to:**

**DTE Energy Efficiency Program for Business**

P.O. Box 11289

Detroit, MI 48211

**SUBMIT**

\* A Reservation Application may not be required for your project, but is strongly encouraged to set aside funds. Submission of a Reservation Application does not guarantee that funds will be available.

## To submit your FINAL Application

1. **Complete or confirm all information on Pages 2-4.**
2. **Complete and have account holder sign Final Application Agreement (Page 6)**
3. **Complete or confirm all relevant worksheets for your project.**

**BEFORE YOU SUBMIT:** If the figure at right does not match the incentives you expected to request, please review your worksheets and the summary page (Page 6).

Total Incentives Requested

4. **Submit your Final Application electronically by clicking here**

or

**Fax to:** 313.664.1950

or
