Indoor Agriculture Custom Bonus

Supporting the indoor agriculture industry

As the indoor agriculture industry is growing throughout our service territory, we are offering a bonus on our custom indoor agriculture projects. This bonus is intended to encourage industry growth and the adoption of new custom measures.

This bonus offers 20% of the value of incentives to contractors. The Indoor Agriculture Custom bonus is available from June 1, 2022 to November 30, 2022, and applies to paid electric measures. This bonus does not apply to projects submitted before June 1, 2022 and may not be combined or stacked with other DTE Energy Efficiency Program for Business bonuses. Funds are limited and subject to change. This offer may end at any time. Applications must be submitted online in order to be eligible for this bonus.
