

Chiller tune-up bonus for contractors!

Additional funds available for contractors.

The DTE Energy Efficiency Program for Business is offering a special chiller tune-up bonus. The contractor performing the tune-ups will receive a \$2.50 bonus per ton.

The contractor will be paid only if a complete application and documentation are submitted by Nov 30, 2021. This offer is available for all DTE electric business contractors.

Final applications must be submitted by Nov. 30, 2021. For more information about this offer, contact our office by phone at 866.796.0512 (option 3) or by email at DTESaveEnergy@dnvgl.com.

This bonus may be combined with other DTE Energy Efficiency Program for Business bonuses. However, incentives are calculated from the paid base incentive total, which does not include eligible bonuses. Funds are limited and subject to change. This offer may end at any time.

NOTE: You can include other energy efficiency measures on the same application.

How to apply:

- Download the latest version of our 2021 program application and fill in measure HE-50 on page 9. Also, complete the [chiller tune-up checklist](#).
- On page 4, the application will automatically calculate all tune-up incentives.
- The bonus will be processed separately. To facilitate payment, the contractor information must be entered on the application.
