

Energy Efficiency Program for Business

Exterior LED lighting bonus

25% bonus on all exterior lighting measures

Invest in energy efficiency now and save even more. For a limited time only, we are offering a special bonus on all exterior lighting measures. Take advantage of this offer today to lower your upfront investment and reduce your operating costs going forward. This 25% bonus offer is available to all DTE electric customers on all exterior lighting measures, but only for a limited time.

This offer provides a bonus based on the value of all eligible applications submitted from April 17 until May 31, 2020. Final applications must be submitted by May 31.

The 2020 exterior LED lighting bonus may be combined with other DTE Energy Efficiency Program for Business bonuses. However, incentives are calculated from the paid base incentive total, which does not include eligible bonuses. Funds are limited and subject to change. This offer may end at any time.
