

**15%**  
**bonus rebate**  
for a limited  
time only

## Lighting projects get a 15% bonus

Now available for a limited time only, energy-efficient lighting projects can **get a 15% bonus rebate** in addition to DTE's standard rebate. Combine this bonus with our Past Project Rebate\* for maximum savings! Apply for the bonus by November 15<sup>th</sup>, 2023, as funds are limited.

**Contact our team of Energy Advisors  
to start saving today!**

\*Any electric project completed Jan. 1, 2022 to today that hasn't been rebated.

Bonus available for DTE Energy electric projects that include lighting, sensors, smart lighting, or lighting controls. Enter "Lighting 15%" in the notes section of the application at the time of submission to qualify. Cannot be combined with the Manufacturing 15% bonus. One bonus per facility location.
